

QUANTUM SECURITY & PQC

Quantum-Safe Digital Assets Intensive

PRACTITIONER INTENSIVE

Plan across protocol, custody and wallet dependencies, distinguishing changes your organization controls from those that require community decisions.

DURATION

8 hours

One-day working session

LEVEL

Practitioner

Sector overview recommended

LIVE ONLINE FEE

US\$1,199

Instructor-led training

Separate control from dependency.

WHAT YOU WILL BUILD

- ✓ A per-chain exposure assessment for the assets you support.
- ✓ A custody key-hierarchy migration plan.
- ✓ A wallet and address migration model, including unreachable users.
- ✓ A protocol governance engagement position.

WHO SHOULD ATTEND

Exchange and custodian security leads, key-management and HSM engineers, protocol and wallet teams, and risk and compliance staff responsible for custody.

PREPARATION

The matching sector overview is recommended preparation, rather than a formal requirement.

Why Quantum Academy

The course applies the Digital Assets Extension of the Applied Quantum PQC Migration Framework, taught by practitioners who run sector migration programs.

What you will work through

Work from your own environment through four workshop sessions.

01 Morning: exposure

Distinguish protocol-level exposure from operator-level exposure across the chains you support.

02 Morning: custody and keys

Plan key hierarchies and HSM changes while maintaining custody continuity. Identify the work you control.

03 Afternoon: protocol and governance

Assess signature options, wallet migration and decentralized decision-making dependencies.

04 Afternoon: the plan

Assemble the roadmap and draft the governance and customer communications needed for the transition.

Formats and fees

Live online	US\$1,199
In person	US\$1,599
Private team training	Custom quote

Bring key architecture, supported asset coverage and your custody model.

What is included

- Course handbook with written instructor notes.
- PDF copy of Quantum Ready by Marin Ivezic.
- Editable workshop outputs to take back to your team.
- 180 days of access to the corresponding online on-demand course. Where that course is not yet published, the 180 days start on the day it is.

A working session focused on practical outputs. Includes a certificate of completion, not professional certification.
