Plan for long-lived client information.

WHAT YOU WILL LEARN

- ✓ Assess exposure across documents, email, client portals and collaboration tools.
- ✓ Prioritize systems that protect information with long confidentiality needs.
- ✓ Evaluate the cryptographic readiness of the platforms your firm relies on.
- ✓ Consider client communications, advisory responsibilities and internal readiness.

WHO SHOULD ATTEND

Firm CIOs, security leaders, risk partners, general counsel, document-system owners and practice leaders at legal, accounting and advisory organizations.

PREREQUISITES

None. Sector experience helps. Post-Quantum Foundation is an optional starting point.

Why Quantum Academy

Quantum Academy teaches from the Applied Quantum PQC Migration Framework and faculty experience running enterprise migration programs.

What you will study

Sector-specific priorities for post-quantum migration.

01 Professional Services Quantum Exposure

Assess privileged and confidential information across document management, email and secure sharing. Identify long-term data-protection dependencies.

02 Client Advisory Obligations

Explore professional responsibility questions and the limits of technical competence. Consider how quantum risk fits into existing client-advisory practices.

03 Firm Migration Planning

Prioritize document systems, email, portals and collaboration tools. Plan around limited IT resources and dependence on technology vendors.
