Why Quantum Academy

The Retreat combines technology and security perspectives with extended discussion, guided self-assessment and a personalized action plan.

What you will work through

A two-day program connecting technology strategy and security.

01 Day 1: quantum technology

Explore computing, networking and sensing. Discuss capabilities, strategic investment, sovereignty, supply chains and organizational positioning.

02 Day 2: the security dimension

Assess the quantum threat to cryptography and the scope, team, budget and planning needed for a post-quantum migration.

HOW YOU WILL WORK

Small groups, extended discussion and guided self-assessment. Develop a personalized action plan to take back to your organization.
